A.V.P. TRUST INSTITUTION'S Record of Progress

Chairman's Message

The speciality of this institution is that it has made quality education accessible to all, high and low, rich and poor. Each year is a milestone that marks our growth, unfolds our imaginations and gives life to our thoughts and aspirations.

When we look at the past, this institution has created an environment and provides the students with opportunities to explore and grow, through situations that challenge them to identify their strength and reinforce them.

In this regard the words of the great scientist Albert Einstein are remembered when he said "I don't teach my children. I create condition for them to learn".

I take this occasion to congratulate the principal, staff, students and parents for their stone sense of commitment, service and responsibility that has transformed this institution into an outstanding and significant temple of learning today, As I have myself witness this spirit among you. I wish you god's abundant blessing for manifold successes in the years to come.

Rtn. PDG. MD. A. KARTHIKEYAN
